PLATINUM IGNITION SYSTEM™

The **PLATINUM IGNITION SYSTEM™** delivers superior quality, performance, and value to our partners and their customers. Expertly engineered, this innovative ignition has been designed and built to eliminate industry-wide weaknesses in outdoor fire feature ignitions.

- Unique wind cage design that provides true protection to the pilot components from wind and rain.
- Customized ignition settings allow for better performance and reduce cycling faults.
- Robust components provide reliability and durability.
- LED based diagnostics provide for quick and easy troubleshooting.
- Design allows for field serviceability.
- Coupled with the Warming Trends' **WATERSTOP®** fitting provides unmatched protection of the ignition from water and debris.

103063	Platinum Ignition System - Hot Surface Igniter + 24V Transformer + for 1/2" Manifolds + Maximum Gas Output 680K BTU/hr - Natural Gas
103064	Platinum Ignition System - Hot Surface Igniter + 24V Transformer + for 1/2" Manifolds + Maximum Gas Output 680K BTU/hr - Liquid Propane
103065	Platinum Ignition System - Hot Surface Igniter + 24V Transformer + for 3/4" Manifolds + Maximum Gas Output 680K BTU/hr - Natural Gas
103066	Platinum Ignition System - Hot Surface Igniter + 24V Transformer + for 3/4" Manifolds + Maximum Gas Output 680K BTU/hr - Liquid Propane

Q & A FOR THE PLATINUM IGNITION SYSTEM

■ IS THERE A STANDARD AND HIGH CAPACITY VERSION OF THE PLATINUM?

The Platinum Ignition is certified up to 680,000 BTUs. There is no need for a Standard and a High Capacity version.

■ WHAT IS THE VALVE AND INLET SIZING?

The Platinum has a 3/4" valve and gas inlet. It can be easily adapted to 1/2" manifolds.

■ IS THERE ANY DIFFERENCE BETWEEN THE NG AND LP VERSION OF THE IGNITION?

Yes, the Pilot Assembly on the Platinum is gas specific.

■ IS THIS A DUAL PILOT SYSTEM?

No, the Platinum Ignition is a single pilot system.

■ WILL THIS BE OFFERED WITH PILOT TUBE EXTENSIONS?

Yes. The Platinum comes with a two-foot pilot tube. The Pilot can be extended up to an additional 10 feet. We offer pilot tubing in one-foot increments.

The Platinum Ignition is certified independent of any burner system.

Platinum Ignition System™ is a trademark owned by and used with permission from Catalyst Electronics, LLC.
